> **Cutting Surfaces**

Epicurean Gourmet Series Cutting Surfaces are commercial-grade and made with Eco-Select paper from trees harvested under guidelines of North America Sustainable Forestry Standards. They are exceedingly durable, easy to handle and store, and won't dull expensive knives. This series is equipped with a juice groove on one side and a flat food prep surface on the other. Available at Cooks-N-Counters Kitchen Supply. Suggested retail > \$47.99

> **Artisan Tiles**

Each creative and artistic tile by Stardust Glass is handcrafted using 87 to 97 percent recycled glass content, produced using eco-friendly manufacturing practices. The tiles have a translucent three-dimensional quality not found in traditional ceramic tile. They are not machine pressed, so each one is unique, giving a more personalized look and style. Available at Baptista Tile and Stone Gallery. Suggested retail > \$30 to \$49 per square foot

> **Towel Sets**

This new line of sustainable, 100 percent biodegradable kitchen textiles comprised of 80 percent bamboo offers an environmentally sound product that is also sleek and stylish. These ultra-soft, ultra-strong towels are super absorbent, quick drying and have natural anti-microbial qualities. Available at...
